St. Johns High School Biology, Chemistry

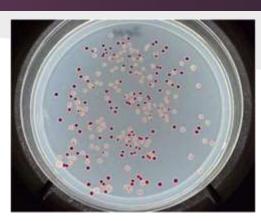

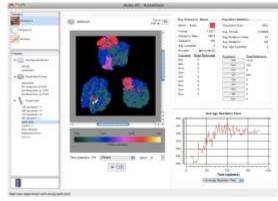

What we did this summer

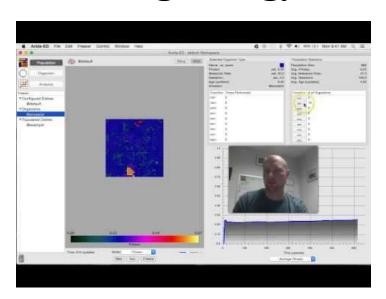

Todays Objectives

- 1.Download Load Avida-ED on a web browser
- 2. Three Screens
 - a.Population
 - b.Organism
 - c.Analyser
- 3. Student Sample
- 4. Open Inquiry/Time to play

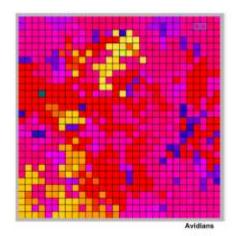

Ways We Learn

Avida-ED Lab Book

Science as a Process

 Apply concepts of statistics and probability to support explanations that organisms with an advantageous heritable trait tend to increase in proportion to organisms lacking this trait.

 Scientific knowledge is based on the assumption that natural laws operate today as they did in the past and they will continue to do so in the future. (HS-LS4-1),(HS-LS4-4)

Exploring Mutations and Selection: Preadaptive or Post-Adaptive (p. 23)

- Each group will complete the exercise once.
- Use the manual to guide you through this process.
- Please enter data on the google sheet found at the address below.

https://goo.gl/rUwU9H

Exploring the Effects of Mutation Rate on Individuals (p. 31, 1st page of 2nd section)

- Each group will produce 4 total offspring and save them in their freezer.
- Use the handout to guide you through this process.
- Please enter data on the google sheet found at the address below.

Pale Grass Blue Butterfly

Join Us: 2nd Annual Active LENS Workshop June 9-11, 2016

- Held at Michigan State University in East Lansing, MI
- Teams of two learn to use Avida-ED and how to best incorporate it into the courses they teach
- Trains instructors so participants can both implement classroom interventions and train other educators
- Travel and expenses related to the workshop will be covered
- Visit <u>avida-ed.msu.edu</u> and apply ASAP
